## Frequently asked questions

- **How to start ?** Even if we have created this booklet in a certain order, you do not have to follow it word by word, follow your rhythm and time.
- **Do I need to know how Tarot system works ?** It may help, but if you don't, there is no problem, our questions and spreads can speak to any level Tarot reader. We encourage you to jump in, because we have to start somewhere, right ?
- **What if I do not have time?** Our goal is to help you practice in 5 minutes or more per day, that's why we didn't put any obligations or strict rules. If you do the challenge in 21 days that's perfect, if you don't, don't blame yourself, instead, use this energy to do more spreads ☺
- **Am I obliged to have the deck you intend to study ?** In case you do the challenge alone : NO. In group : That will help as focus in "Getting to know a deck". But WAIT, don't jump into Amazon or Etsy to get it, wait for the next challenge, or tell us what deck you "already have " and you want to study; you can choose also a deck that has the same vibes ☺.
- **Can I use different oracles and tarot decks at the same time ?** That's your choice, but the reason we created this challenge is to stay focused on one deck at the time, but we can add oracles for example to it as Combos !
- **The deck doesn't speak to me after a week !** Don't panic ! It can happen, so ask yourself if this deck is for you, or are you having a Tarot burnout... or do you want different exercises. In all cases, share with us , we might be living the same thing LOL
- **How can I access the Booklet ?** Every week has its own booklet available here, you can download them for free ☺ Then join (if not yet a member) our facebook group : Study a Tarot deck in 21 days.
- **Do I need to share in this group ?** You are highly encouraged to do so by taking pictures and sharing your thoughts as it is a way to gather insights and impressions about the same deck. It helps you also to practice and exchange Tarot reading with others ☺
- Other questions ? DO not hesitate to ask us in the group ☺
